

MONTGOMERY D. A. R. PLANS UNVEILING

Elaborate Ceremonies Will Be
Held at Boulder and Bronze
Tablet at Clarksby.

ROCKVILLE, May 2.—Elaborate preparations are being made by Janet Montgomery Chapter, Daughters of the American Revolution, for the unveiling May 10, at Clarksburg, of a boulder and bronze tablet marking "Dowd's Ordinary," which is the site of the second encampment in Maryland of General Braddock on his march from Washington to Fort Duquesne.

The arrangements for the unveiling have been principally in charge of Mrs. William H. Talbot, regent of Janet Montgomery Chapter, and Mrs. Frank P. Stone, chairman of the committee on historic spots. Prominent persons have been invited to deliver addresses, including Franklin K. Lane, Secretary of the Interior; Josephus Daniels, Secretary of the Navy; John Barrett, director of the Bureau of Pan-American Republics; Congressman David J. Lewis, and British Ambassador Spring-Rice. Mrs. Frank P. Stone will read a paper on the "Dowd's Ordinary" at the unveiling. Arrangements will be made to have the train leaving Washington shortly after noon, which ordinarily goes no further than Gaithersburg, to continue to Germantown, where automobiles will convey the visitors to Clarksburg.

WANTS G.A.R. EXCUSED FOR MEETING HERE

Senator Kern Asks That President Give Veterans Holiday for Encampment.

President Wilson has been urged to grant leave of absence with pay to all civil war veterans in the Government service in order that they may attend the G. A. R. reunion in Washington next September. Senator Kern of Indiana has been active in behalf of the men. President Wilson has taken the matter under consideration, and it is expected that he will soon issue an executive order granting this concession to the veterans.

The effect of this order would be to give the Government clerks who are

civil war veterans at least a week's vacation with pay, in addition to the thirty days' leave they are entitled to. It would also give a guarantee that civil war veterans be given the right of way during the encampment and that under no circumstances should they be kept at their tasks when their comrades are gathering here.

In presenting the case to the President, civil war veterans employed in the Washington departments argued that an order granting veterans leave with pay would enable a large number of old soldiers living outside of Washington to attend the encampment, whereas otherwise the vacation assignments might be such that they would be prevented from coming. In many of the offices in the field service veterans already have taken their leave, through arrangements made in such offices, and others have been assigned for vacations during the hot months. An executive order would guarantee for them time off in which to make the trip to Washington, and pay for the time they were gone.

President Wilson has been told that the encampment in September in Washington will be of greater historic significance than any of the former reunions of veterans, owing to the fact that the gathering of old soldiers will come on the fiftieth anniversary of the close of the civil war, and that the parade of veterans, the big feature of the encampment, will mark the fiftieth anniversary of the battle of Gettysburg in Washington at the war's end.

Announcement of President Wilson's approval of the plan confidently expected by veterans in the Government service in Washington who have been active in urging the President to grant this concession to the old soldiers.

Battle of Manila Bay Celebrated at Dinner

The seventeenth anniversary of the battle of Manila Bay was celebrated at the Army and Navy Club last night with a dinner by the Society of Manila Bay, an organization of those aboard Admiral Dewey's ships on the May day morning that the Asiatic squadron smashed and sank the Spanish fleet in the Philippines.

The dinner was an informal one, attended by all of the officers of the old Asiatic squadron who were in Washington. On the advice of his physicians Admiral Dewey could not remain through the dinner. He was notified yesterday by officers and men in the service and friends in Washington who recalled the anniversary. The admiral received a wireless message of felicitation from Secretary Daniels in Hampton Roads, and the officers and men aboard the Atlantic fleet.

Biologists Say Bats Don't Eat Germ-Carriers

Protection of bats by municipal ordinance at San Antonio on the theory that they devour mosquitoes, which are carriers of malarial germs, was held to be a mistake yesterday by speakers at the meeting of the Biological Society of Washington at the Cosmos Club last night.

Dr. L. O. Howard, chief of the Bureau of Entomology of the Department of Agriculture, and E. W. Nelson, of the Biological Survey, said that in the stomachs of bats dissected at San Antonio no mosquitoes were found. C. W. Gilmore, of the National Museum, and William Palmer were other speakers at the meeting.

PRIEST KILLS MAN IN DUEL OVER GIRL

In Love With Cleric's Nurse,
Ranch Hand Tries To Win
Her With Revolver.

PALM SPRINGS, Cal., May 1.—County officials today are investigating the circumstances of a pistol duel, which resulted in the death of Peter Glennon, a young ranch hand and the wounding of the Rev. Paul Reinfels, a Catholic priest, of Paloma, Ill. Father Reinfels was wounded in the right forearm. The shooting occurred at Chino Canyon, a gulch frequented by health seekers, five miles from here.

The priest arrived at Palm Springs a few days ago, and went at once to a tent in the canyon, Miss Clara Sherer, a nurse, attending him.

Glennon is said to have been in love with Miss Sherer. According to the priest and nurse, Glennon came five miles from the ranch where he was employed to Chino camp, where he announced he intended to kill both Miss Sherer and Father Reinfels.

His first shot wounded the priest, and Miss Sherer crumpled with Glennon. As she struggled with the ranchman Father Reinfels drew his own revolver and fired, killing Glennon.
